N O T I C E .

The compilation of a Handbook of the Bihar and Orissa Provincial Records of the middle of the eighteenth to the middle of the nineteenth centuries was entrusted to Mr. K. P. Mitra, Principal, Diamond Jubilee College, Monghyr and is now published under the authority of the Bihar and Orissa Government.

P R E F A C E .

In 1924 the Local Government decided upon the compilation of a Handbook of the Bihar and Orissa Provincial Records of the eighteenth century, and fixed the limits of the investigation of only the English records generally up to 1800, except in the case of Orissa and Chotanagpur districts which were created after that date. Systematic notes were, therefore, not taken of records beyond 1800 except in the case of documents relating to the Nepal War of 1814-1816 preserved in the Record Rooms of the Collector of Muzaffarpur and the Commissioner of Chotanagpur Division at Ranchi, and the Mutiny papers in the latter. The records at Gaya (from 1858), Hazaribagh (from 1833), Palamau and Angul, and in the offices of the Commissioner of Muzaffarpur and Bhagalpur are very modern and of little historical importance, excepting the last wherein are preserved the documents relating to the Santal Insurrection of 1855—1857. The only records of interest in the Santal Parganas are printed copies of the reports of the 19th century dealing with matters of Santal interest. All important records in Puri were destroyed by fire in 1916.

I have endeavoured to indicate the nature of contents of the records as fully as possible within this limited space. I hope the information incorporated herein will be found interesting and useful to research workers.

The 22nd December 1931.

Nature of Contents.

25th June, 1771.—From the Controlling Council of Revenue at Patna to the Hon'ble the President and the Members of the Controlling Council of Revenue at Fort William.

“Jugal Kishore, the former Rajah of Bettiah has made an application to be restored to his Zemindary and it appears to us that his re-establishment will contribute much to the recovery of that desolate tract of country. It would be expedient to restore the pergunnahs of Majhowa and Simroan (Simraon) to Rajah Jugal Kishore and to confirm those of Babrah and Maissey to the possessors Sri Kishen and Abdhut Singh.” Reasons given for the settlement.

27th July, 1771.—To The Chief and Council at Patna from the Superintendent of the *Tirhoot* Sarkar—“There are itinerant robbers who frequent this Sarkar and that these along with the thieves who are residents of this Sarkar have grown too formidable and they are supported in their nefarious practices by Rajah Pertah Singh. As it was not possible for the sepoys to arrest them openly they were sent in disguise. Rajah Shitab Roy requested to direct his daroga to punish them as an example to their brotherhood.”

The Chief in reply approves of his endeavour to clear *Tirhoot* of gangs of thieves and also directs him to make full enquiry; if the charges against the Rajah are well founded.....then it would be more advantageous to the country that he should be kept at Patna than allowed to reside at Darbhanga.

6th August, 1771.—To the President and Members of the Controlling Committee of Revenue at Fort William—inform that they have received a petition from Mirza Himmat Ally Khan, setting forth his present distressed circumstances and his long attachment to the English and requesting that he may be allowed an *altamgha* of 170,000 dams for which he has had a *Farman* from the king ever since the year 1164.

This man was the means of saving the life of Dr. Fullarton at the imminent risk of his own after the massacre of all the gentlemen at Patna by Mir Casim's orders.

Afterwards in the war with Suja ul Dowlah he was Foujdar of Sarkar Saran in which post he was extremely useful to the English army by the supplies of grain.....it is recommended that this petition should receive favourable consideration.

The correspondence in Vol. I mostly relates to settlement of taluqs with farmers of revenue at an enhanced rate of rent; to *taquari* advances to *ryots* to apply themselves to cultivation, etc.

Points from the Proceedings of Council of Revenue at Patna.

2nd September, 1773.—Arzee from Beni Ram, renter of Shahpore-Munnair—says Bhadoi crop totally destroyed by incessant rains, 10 out of 100 bighas of Kharif harvest saved; only hope remains of rubby harvest. Later another arzee to the same effect—says only a small quantity of *madua* remains, at the expense of which ryots want to cultivate poppy which he cannot permit.

N. B.—Shahpore-Munnair was a pergunnah forming part of the district of Havelly-Azimabad.

Arzi from Gholam Hamdany Khan, Aumil of Pergunnah Havelly-Bihar to the Chief Council at Patna—complaining of sudden inundation which swept away men, cattle and effects and destroyed cultivation.

Arzee from Assud-ullah, sezawal of Ghyaspore—owing to the rising of rivers, crop is under water.

Similar arzis from Aumils of Milky, Sunnot, and Ruddy Gursund.

The Chief and Council, Patna, ask Mr. Palmer, Collector, Sarkar Rohtas, to allow Futte Narain Singh, who is much harrassed by guards placed over his person for balance of revenue, to come to Patna to represent his case.

Arzee from Mirza Zaffer, sezawal at Balagatch, saying he encouraged ryots and renters of Mow Karamnagar and other villages to cultivate lands; Bhadoi crop neglected; kharif and rubby harvests will be largely cultivated.

6th September, 1773.—To Mr. George Bright from Chief and Council at Patna—acknowledge receipt of a letter acquainting them of his having taken charge of Monghyr District from Mr. Bateman. The cultivation of Balagach being neglected they are sending Mirza Zaffer, sezawal, to act in concert with the Aumil.

N. B.—Balagatch was a pergunnah in the revenue district of Hazeepore.

9th September, 1773.—From Mr. Young, Darbhanga—Complains against the kotwal of Hajeepore and his people for beating and otherwise maltreating his servants.

An Arzee from Meer Gholam Jellany, the aumil of Hajeepore—The Khansama of Mr. Young, the Zilladar of Tirhut, came here six ghurries after nightfall and made great disturbance in the bazaar. His servants took away Harry Thakoor, a responsible renter and made a cooly of him. The people prevented his disgrace. Mr. Young himself arrived on the 19th, and sent 10 or 15 sepoy, hurkaras and others for the aumil and ordered him to procure 30 coolis and he sent the kotwal prisoner. The aumil felt disgraced.

From the Chief and Council of Patna to Young—The seizure of Hurry Thakoor a Zemindar for the purposes of a cooly was the first cause of the trouble. They disapprove of his conduct in removing the kotwal from his station and sending him a prisoner to Patna, and rebuke him.

13th September, 1773.—From Fort William—They are asked to publish the advertisement that the Court of Directors want all persons wishing to execute the Company's affairs to send with applications the license they hold from the Company, to reside in India.

From Fort William—Mrs. Hay, Widow of Lt. Hay, desired to apply to the Board for passage to Europe, with proofs of her identification.

From Fort William—They are asked to send samples of gold and silver specie coined monthly in the mint at Patna.

All orders complied with by the Chief and Council. From the Collector of Darbhanga—informs that he delivered over charge of the Zila to Mr. Young.

From Mr. Young, Collector, Sarkar Tirhoot—received charge of the district; wants instructions for conducting collections; wants 2015 sonaut and 145 sicca rupees.

From Mr. Bateman, Monghyr, saying he made over charge of the district with papers, accounts etc. to George Bright.

From Mr. William Pye, Collector, Sarkar Rohtas—encloses 2 arzis, and settlement and kistbundy of pergunna Serris-Columba for the present year; (b) bill of charges for building a hospital and guard room at Rohtas; (c) reports great fall of rain accompanied by high wind destroying or damaging many houses.

Mr. Pye is asked by the Chief and Council to refer petty Zemindars to the renters of the district, and application of big renters to them, in case of complaint of damages sustained by them on account of the storm.

23rd September, 1773.—From Mr. Golding, Collector, Sircar Saran—sends treasury account, list of charges and collections for

Bhado; reports damage to Rubby Crops due to fall of hail and other accidents; recommends deduction of 4,000 rupees in the collection. Larger revenue never before paid to Government from Sircar Saran even in the most flourishing days of the Behar Province; remission of any future increase in revenue would be attended with no loss to Government as it would greatly contribute to the security of revenue, etc.

From Warren Hastings to Chief and Council—Collection of Gunges and Custom House to be under the direction of one person; direct them to collect $2\frac{1}{2}$ p.c. on all goods imported and exported except grain on the importation of which they are to collect 5 p.c. but pay back $2\frac{1}{2}$ p. c. in case it be not consumed in the place but exported elsewhere.

Arzees from renters sustaining loss due to inundation by the rise of the water of the Poonpoo, the Son, and the Morhur, Duroha and other nullahs; pergunnah Musouri laid even with the ground, all swept away.

27th September, 1773.—From Warren Hastings—encloses copies of Regulations established in Bengal for conducting the business of revenue and administration of justice; form of patta given to farmers and instructions to Dewans.

N. B.—For the Regulations, *Land Revenue History of Bengal (1769-1787)* by Mr. Ramshotham pages 27ff. may be consulted.

Copies of Amilnamas to the farmers of Nadia sent.

30th September, 1773.—Arzi from Darga Kuly Khan, sezawal of Seris-Cotomba. Received letters from the gomastas of Raja Narayan Singh describing the disastrous effect of the flood, goods and chattels and houses of ryots washed away, no trace of Bhadoi crop; grains remaining rendered unfit by water, miseries of people know no bounds.

4th October, 1773.—Arzee from Syed Md. Fysel, Wakil of Ali Hussain Khan, brother of Ali Ibrahim Khan—The villages of Husenabad and Beninagar in pergunah Amerto (Amarthu) have no dependence or connection with the aumil, quotes instances of Brahmins oppressing ryots e.g. Deo Narayan, and Cheter Roy; requests them to write to the Zilladar of Sarkar Monghyr to make the Brahmins return the cattle which they plundered from his master.

The arzee with another arzee was sent to George Bright for enquiry.

Arzee from Shahbaz Beg, renter of Pergunah Gidhor—Complains that the Raja of Gidhor paid only one year's rent out of two years' rent due and owe him more than 6,000 rupees; request them to write to Captain Brooke to enforce payment of the Rajahs' balances.

4th October, 1773.—The arzee is sent to Captain Brooke who is requested to help in the matter of collecting the revenue.

7th October, 1773.—From Mr. Young—recommends the offer of Ram Lochan Ghose, a native of Hooghly and man of means and fair character, for the farming of the sarkar, to the Board, the Chief and Council pointed out that Ram Lochan Ghosh was in Mr. Young's employ and so precluded under the Regulations from being made a farmer of revenue.

4th October, 1773.—Mr. Bright complains that sepoy's under Captain Brooke commit disturbances in the mofussil.

11th October, 1773.—Arzee from Dargah Kuli Khan, sezawal of Sirris Cotomba. He never evaded payment of Government revenue, but tenants were in deplorable condition owing to flood, bereft of actual necessities of life and could not pay; he was encouraging them to cultivate Rubby crops.

His conduct was approved by the Council.

Arzee from Chowdhuries and Qanungoes of Shawpore Munair reporting total loss of rubby and partial loss of kharif harvest; desertion of Zemindars owing to ill treatment of the Aumil. Ordered that the aumil be removed and Zemindars put in charge of collection.

A letter from Mr. Young, dated the 4th October, 1773 expressing his disapproval of the settlement with Bindabund, as he behaved himself in a violent manner when he farmed the Nizamat lands and rendered himself obnoxious to every inhabitant of the country. "If he holds the lands again, universal desertion of the country will be its immediate consequence." The Board do not think it necessary to reply on any of the points on which under a pretended zeal for Company's interests he had taken the liberty of arraigning their conduct; ask him to give support and just assistance to the present renter; they send him a kistbundi of his districts.

From the Hon'ble Governor and Council to the Chief and Council, Patna—acknowledge receipt of letter informing of the death of Maharaja Shitab Roy; his son Raja Kallyan Singh appointed his successor in the office of Roy Royan for the province of Behar while Sadoo Ram and Khyali Ram are to act as naibs in the execution of his office.

Received an arzee from Perthly Rout, Zemindar of Bissarah Pergunna complaining of the molestation of Chowdhury Musaheb Khan and requesting them to direct the aumil to collect the revenue agreeably to the produce. Ordered accordingly.

4th October, 1773.—From the Governor and Council, Fort William—Sending an advertisement preventing Europeans from going up into Shuja Dowlah's country.

21st October, 1773.—Reports the death of Muneer ul Dowlah to the Hon'ble the Council of Revenue and encloses a list of jagirs he held.

D. RECORDS IN THE OFFICE OF THE DISTRICT AND SESSIONS JUDGE AT PATNA.

The records were inspected in March, 1931. They are Judicial Records. They are kept in bound volumes which are now 250 in number but in most cases the binding has got loose, the leaves have been detached and many of them strayed so far that it is very difficult to trace them. Pages of one volume have got mixed up with those of other volumes of widely separated dates such as 1811 and 1842. It seems that at one time the volumes were numbered and catalogued, but at present there is no catalogue forthcoming. Many of the covers have decomposed and volume numbers effaced; and most of the volumes are either mouldering or eaten away by white-ants. Some samples are given.

Volume no. 100.—Letters received by the Magistrate of the City of Patna from 10th January, 1791 to 30th December, 1791.

From J. Fombelle (Nizamat Adalat) to G. F. Grand, Magistrate of the City of Patna, dated the 10th January, 1791. Sends a copy of the Regulations passed by the Governor General in Council on 3rd December, 1790 for the administration of Justice in the Fouzdary or Criminal Courts in Bengal, Bihar and Orissa.

Another volume containing letters received by the Magistrate of the City of Patna from 2nd January, 1792 to 17th November, 1792.

There is a petition in French made by Mr. A. C. Gika to H. Douglas, Judge and Magistrate of Patna, dated 9th November, 1792, complaining against one Mr. Burke who insulted him previously with impunity and now did not leave him in peace, etc.

Volume no. 221.—From 12th February, 1793 to 17th June, 1793. Letters received by the Magistrate of Patna.

From J. Neave, Magistrate, Tirhoot to H. Douglas, Magistrate of Patna, dated 17th June 1793. "Dukary Lal, an inhabitant of Patna, having been accused of theft, I request you will cause him to be delivered to the Bearer, who will point out the particular parish he resides in."

4th May, 1793.—From Mat. Macnamara, Lt. to Cap. Fawcett, Major of Brigade, intimating that Prisoner Deen Mahomed committed the robbery.

CHAPTER II.

Record Room of the Collector of Shahabad.

In his *Selections from the Correspondence of the Revenue Chief of Bihar from 1781—1786* the Hon'ble Mr. Justice J. F. W. James has given an account of the records at Arrah, their incomplete and fragmentary character (as some portions have been irrecoverably lost), and their decayed condition. He says "The volume is entitled selections from the records, but practically nothing has been omitted except those formal covering letters of which the substance is missing". A perusal of the *Selections* will give the reader an idea of the nature of the contents of the records. Herein I have given the substance of a few letters (for the period 1781—1786) which do not appear in the *Selections*, or which are merely supplementary. As has been noted in the *Selections* there are considerable lacunae, e.g. Vol. I begins from 26th March, 1781 and ends with 21st September, 1781, Vol. II begins from 21st February, 1782 and ends with 4th January, 1783 and so on. All the important letters in the Volumes up to 1787 are to be found in the *Selections*. Accordingly I am giving the substance of a few important letters between 1788 and 1800. There are 18 bound volumes of letters issued, and 25 of letters received between 1781 and 1801.

Letters Issued.

28th March, 1781.—To Mr. Edward Hay, Secretary to the Governor-General in Council from Mr. Maxwell, Patna. In pursuance of the Hon'ble the Court of Directors' requisition he submits a list of deaths several subordinates at Patna from the 5th June, 1780 to the 28th March, 1781.

21st April, 1781.—To William Campbell, Agent for the opium contractor from Mr. Maxwell, the Chief of the Factory at Patna. Transmits to him a copy of letter addressed to him by William Walker, one of the Company's Inspectors of opium; desires him to import opium into the Company's *godowns* and not into private *godowns*.

20th May, 1781.—To David Anderson, Esq., President and members of the Committee of Revenue, from Mr. Maxwell, Patna. First part of the letter corresponds to Letter no. 9 on page 69 of James' *Selections from the correspondence of the Revenue Chief of Behar*, regarding Raja Narayan Singh.

Also forwards an account signed by the Canoonges of Behar of the ultumgha of Shah Fakeer Monadeen who has had no possession of that part of the ultumgha which he claims since 1173 and which

has always formed part of the Jumma of Havely Behar to the present time. In his opinion it ought not to be restored.

30th May, 1781.—To David Anderson, President, etc. from Mr. Maxwell. Acknowledges receipt of his letter of the 23rd inst., enclosing a bill of exchange for Rs. 30,000 drawn by Mr. Berner, the Danish Chief.

16th June, 1781.—To David Anderson, etc., from Mr. Maxwell. The Renter of Narhat Samoy has represented to him that the wakil of Raja Akbal Ali Khan had gone to Calcutta to complain; there is a considerable balance due from the Raja on account of wasilat from the present year.

10th July, 1781.—To David Anderson, etc., from Mr. Maxwell. Acknowledges receipt of a letter enclosing extract of a memorial presented to Governor-General by Dina Nath Upadhya, Vakeel of the Raja of Nepaul. Abdullah Beg who lives in Patna represents to me that he and his family held possession of Pergunnah Colhatt for the 30 years as Jaigir; to prove his right he produces a sunnud on copper from the Raja of Mackwanpore and several sunnuds from the Nazims of the Soubah. On a former occasion when the Raja of Nepaul wanted forcibly to deprive Abdullah Beg of his jaigir Mr. Rumbold, the then Chief of Patna, prevented the Raja from unjustly dispossessing Abdullah Beg.

22nd August, 1781.—To the Hon'ble Warren Hastings, Esq., Governor-General and Council, Fort William—from J. L. Ross, Actg. Chief—informs him of Major Hardy's taking possession of the Dutch Factory (answers exactly to letter no. 19 on pages 76-77 of James' *Selections*, but the date is different).

4th January, 1788.—From the Collector of Arrah to Sir John Shore, President and Members of the Board of Revenue—inform them that decrees passed in favour of Ahmad Ally Khan by the Judge of Sarcar Saran amounting to Rs. 14,987-14-6 are sent to Mr. Montgomery for favour of carrying it to the credit of Ahmad Ally Khan on account of his balance of last year in Chainpore and Sasseram.

13th January, 1788.—Mortgages on the malikana and nankar villages of Raja Beekramajeet Singh and Munshi Ram Dyal; recommends sale of the villages. Village Mussourie alienated from the Jumma of Bhojpur ought to be attached.

4th June, 1788.—Transmits to the Board of Revenue the result of investigation respecting different sorts of specie in circulation throughout his division pointing out their original weights and the loss they have sustained.

Arzee of Bastee Ram, dated the 12th Asarh, 1195 (1788 A.D.), repudiating as false the charge brought against him by Raja Beekarmajeet Singh of having taken a thousand rupees in 1194 from the Revenue paid by him to Government by way of Nazerana from him. He had served the Company honestly for 17 years. Arzee of Dial Singh, Nazim of the whole of the subah of Behar, repudiating a similar charge brought against him by Raja Beekarmajeet Singh, (same date).

12th July, 1788.—Arzee of Cashenaut representing that Raja Beekramajeet's allegation of having deposited with him Rs. 28,000-4-0 in 1189 is false; the fact that the Raja did not claim it for 7 years and produce any receipt shows his villainy.

31st October, 1788.—Sends accounts of Mofussil Jama Wasil Bauky with Jama Khurch of year 1195 in English and Persian; apologises for delay due not to neglect but to want of leisure; explains his disagreeable predicament brought about by the refractoriness of the people of Soumenpore and machinations of the Rajah; slightest contempt of the mandates of Government should be published with expeditious severity.

6th December, 1788.—Extract of letter from the Collector of Shahabad (Mr. Brooke)—Himun Tewary is still in confinement and will remain so till he pays the balance due from that village..... In my former letter I remarked—"the eyes of all Shahabad are on this village and the opinion which will be formed of the imbecility or energy of my authority throughout this district will be determined by your resolution.".....the ryots of this part of the country are by no means to be considered in the same light as those of Bengal. The very reverse is notorious. There is not a man who is not possessed of his matchlock and *Tulwar* and there are many villages chiefly composed of old sepoy. If the officers of Government be not supported in their just claims by Government I see nothing but anarchy and confusion.

27th January, 1789.—To the Rt. Hon'ble Charles Earl Cornwallis, Governor-General and Council, Fort William—Requests speedy instructions in what manner he should determine cases of slavery, and to be supplied with Regulations on this head.

29th October, 1789.—Numerous and vexatious exactions of the Sayer though petty in their amount are highly greivous to individuals and detrimental to internal communication of the country; its immediate abolition would be a measure of the most beneficial importance; such duties defined with accuracy and assessed on well selected articles would yield an increasing revenue.

29th January, 1790.—Pending further orders he suspends resumption of 29 villages granted to Babu Sannata Singh and

Jagarnot Singh (the malikana sunud of which has been declared invalid) on receipt of arzees from Meer Abdul Hye who bought 4 years ago nine assully villages being part of the Malikana lands of the Babus in Pergunnah Saseram; also says that he did much for improving his estate, trades and manufactures, etc., made boats for convenience of travellers and for English troops etc.

6th April, 1791.—To John Herbert Harrington, Esq., Secretary to the Board of Revenue—transmits to him an account of the collection of *Chittyawun* up to Fussily year 1196. "It appears to me to have been an undue exaction originating in the rapacity of farmers." Another abwab was *Birkhastana*. Sums relinquished by Government thankfully received by Imadars.

27th May, 1791.—From W. A. Brooke, Collector to the Hon'ble Charles Stuart, President and Members of the Board of Revenue—The aumil of Chainpore informs him that Brijlal Singh and Seeta Ram, two Hill Zemindars, have forcibly dispossessed Babu Cullender Singh and Sarubjeet Singh of Talooq Burkunda. If necessary to overcome their refractoriness he will apply to Mr. Duncan at Benares for military force.

7th June, 1791.—Arrived at Chainpore on 2nd June. Brijlal attended upon him and Seeta Ram would do tomorrow. Sejawanlal, a principal talookdar of Chainpore, is the disturber of peace.

4th January, 1792.—To William Cowper, President and Members of the Board of Revenue—Recommends the fine realised for violation of Regulation publishing the abolition of sayer duties be employed in constructing a bridge over the Bannas Nullah, a rapid stream crossing the high road between Dinapore and Buxar, which would tend to increase commerce in the district, facilitate travelling etc.

14th January, 1792.—He proceeded to a local inspection of several villages; miserable condition of pergunnah Chainpore; severity of the draught has been more prevalent here than in any other part of the district, consequences more alarming.

14th April, 1792.—To Edward Hay, Secretary to Government from Mr. Brooke, Collector. Acknowledges receipt of a letter intimating that the mother of Ragoji Bhonsla proceeds with her son on a pilgrimage to Gaya; mark of respect and attention paid to the family, a Moonshi and Nazir accompanied her; requests reimbursement of expenses for supplying provisions etc. at his own cost; Mr. Welland and himself were presented with chawls and muslins when taking leave of the Rany; agreeably to enclosure no. 2 the amount has been carried to the account of Government.

12th May, 1792.—There are nearly 500 villages containing about a lac and 20 thousand bighas of land lying waste overgrown

with jungles unleased ; should be brought into cultivation ; to do it through proprietors is impracticable owing to their distress and poverty, he will suggest means after he prepares a detailed account of them.

5th June, 1792.—Breaking out of a violent fire on the 4th noon, in the town of Arrah, which was totally ruined; scene of distress indescribable ; many head of cattle and seven lives lost, scarcely a vestige of property saved, great quantity of grain consumed ; solicits relief from Government.

20th October, 1792.—To Captain Hutchinson, Regulating officer of the Invalid Establishments, Bhagalpur—If Government seek to provide for the invalids of this district (from which the army draws annually a considerable supply of recruits) in places contiguous to their family residence he will prepare *Thanas* being established there.

5th March, 1793.—Regarding progress made in the distribution of *Puttas*, which arises more in the disinclination of the ryots to receive them than in the landlords to grant them.

10th January, 1794.—To J. L. Chawvet, Esq., Judge of the Dewanny Adalat, Shahabad.—Doman, an abkar who was confined for a balance of his engagements of last year 1200 *Fussily* was released since his security, named Doman paid the amount, but as the latter complained against the former to recover the loss, the Collector sends Doman to the Judge to be confined until he answered to the complaint.

CHAPTER V.

Record Room of the Collector of Monghyr.

There is only one volume of English correspondence before the year 1800, containing miscellaneous letters received by Nathaniel Bateman, Supervisor of Monghyr, during the years 1771—73. This volume was received from the record room of the Collector of Bhagalpur in May, 1907. Bateman was appointed Supervisor (Supravisor) of the then district of Monghyr in 1769 (one Mahalla, Betwanbazar or Bateman bazar, of Monghyr town is named after him). In 1773 the Collectorship of Monghyr was abolished, and the duty of collection was transferred to the " Superintendent of Collections of Monghyr, Boglipore and Rajmahal " (James Barton), " a small portion of the district being placed under the *huzur tahsil* of the Revenue Council at Patna ". The district was reconstituted in 1832 with a much reduced area.

The English correspondence after 1800 is contained in 83 volumes of letters received, 35 of letters issued, 8 of Statement of Assistant Collectors (1840—51), besides one volume of Accountant-General's Circulars (1789—1834), and some volumes of registers and statements regarding decision of civil suits, price current of grains, excise, Court of Wards, Khasmahals, partition, etc. The subject is miscellaneous—settlement, invalid jaghirs, abkary, etc.

The Invalid Jaghirs were Jaghirs (jagir) granted to invalid sepoys who were induced to settle on the lands between the Hills and the Sudder, and who would thus constitute a militia affording safeguard against the predatory incursions of the hillmen. The system was proposed in 1778 by Captain James Browne, who had been in charge of the Jungleterry districts since 1774, and the settlements were made by Mr. Cleveland in 1782. At first the settlements were made on the outskirts of the hill country in the Monghyr district (Khurruckpore) but the system was subsequently extended into the Monghyr, Patna, Shahabad, Tirhut and Saran districts. (There was Invalid Establishment also in Bhagalpur, Benares, Chittagong, Purneah, and Dinajpur districts).¹ The system proved unsatisfactory in the end. Further grants were stopped by a Regulation of 1821; thereafter resumption proceedings dragged for many years.²

CHAPTER VIII.

Record Room of the Collector of Cuttack.

Originally there were 668 volumes of correspondence in this Record Room, of which an office catalogue was prepared. I am informed that under the direction of the Board of Revenue some of the correspondence was examined in 1909. The important letters were separated from unimportant, and rebound in separate volumes meant for permanent preservation. The unimportant letters were recommended for destruction but were preserved. It appears that 103 volumes were thus examined and renumbered by the office in ink. The subsequent volumes were not inspected and bear the original number. The new number of volumes 1—23 and 23(a) corresponds to no. 1—35 in the office catalogue (the subject matter being Salt Department—Letters Issued), 24—52, and 5 vols. containing important letters received no. 3—7 correspond to 36—90 (Salt Department—Letters received); 53-54 to 91—96 (Income Tax Letters Received) and 55-97 to 97—103.

6 volumes of Press Lists were prepared of letters contained in these 103 volumes.

Many of the volumes are in an extremely decayed condition. Many pages are crumbling to bits of fragment, and owing to defacement many are difficult to read.

CHAPTER IX.

Record Room of the Commissioner of Orissa Division.

The English correspondence is kept in the following systems :—

- (1) In Bound Volumes,
- (2) In Yearly Bundles,
- (3) In Missil Bundles and Selected Bundles.
- (4) In Collections and Files.

In the Bound Volumes are contained Letters Received and copies of Letters Issued. The letters were sorted and classified into 'A' and 'C' classes. The 'C' class letters were recommended for destruction, but the Board of Revenue ordered them to be preserved (Board of Revenue's Order no. 2726A dated the 17th August, 1911). These letters were accordingly bound in volumes. The correspondence thus preserved ranges between 1803 and 1864. The number of volumes containing 'A' Class letters is 161, that of volumes containing 'C' Class letters is 121. In this Handbook a list is given of the 'A' Class Volumes only.

The yearly Bundles are of small size and contain only 'A' class letters arranged year by year during the period 1805—1875. For example the bundle for 1805 contains correspondence relating to Settlement of Cuttack Division for 1212 Umlee (13th May, 1805); Settlement of Jumma of Mogulbandy area in Puri for 1804—1805 (31st May, 1805), allowance for maintenance of the late Raja of Khurda (7th June, 1805), Poolbundy etc. There are 4 volumes of Index Register for facility of reference.

'Missil bundles' appear to be bundles containing several collected letters of various dates relating to one particular subject, e.g., bundle no. 7 contains letters of the period 1821—1851 on the subject of "Erection of Seraces and bazars and Dharmasalas (1850) on the New Jagannath Road." 'Selected bundles' are of the nature of 'Missil bundles': e.g. the subject of "Formation of Orissa Division and transfer of Sambalpur and Midnapur Districts" contains letters of the period 1854—1869.

From 1875 the Collection and File system was introduced and the Index Register was opened. The files are kept in yearly bundles of big size. In 1903 the system of keeping the files in flat size was introduced and still continues.

2nd. The Raja was deposed on the 23rd November, 1839 and was sentenced to imprisonment for life, under the orders of Government dated 11th April, 1840, which declared also his estate forfeited to Government, a just retribution for the savage and brutal murders which he caused to be committed—He has no natural children, nor had he any legitimate title to the Raj—The former Raja died childless, when the head men of the killah brought the ex-Raja from Domparah where he was earning his livelihood as a Paik and cultivator, and raised him to the Gundee. He was of the same caste as the deceased, and is said to have sprung from the same line, and these circumstances alone constituted his claim to a Raj, which he so tyrannically swayed.

3d. The Killah was forfeited to Government, subject to the claim of Bulbhuder Bhowarbar, the son of the deceased Raja, by a slave girl, this claim was dismissed by the Sudder Dewanny Adalat, on the 11th August, 1840, and the Estate having become the absolute property of Government, I made over the management of it to my assistant Mr. Collector Ewart, who visited the killah, and concluded a summary settlement for 3 years, with the heads of villages, following the former system of management as closely as possible.

Letters received by the Abkaree Superintendent, Balasore.

Mahratta Mahals.

Vol. 1. (1805).—This volume contains on one side a few letters of little importance on the subject of Salt (1864-1865), and on the other side copy of correspondence relating to the Pargunnahs of Puttaspore etc., known as the Mahratta Mahals (1805). As the old volume containing the original letters in respect of the Mahratta Mahals was found by Mr. John Beanies, Collector of Balasore in 1872, to be fast rotting away, he caused a copy of such correspondence as he thought worthy of preservation to be made and kept in this volume.

The Pergunnas of Puttaspore, Kamardachaur, and Bhograee, were conquered from and ceded by "Maharaja Ragoojee Bhoonshlah", and belonged to the district of Midnapore. Accordingly Mr. G. C. Master, Acting Collector of Midnapore, was asked by the Secretary, Board of Revenue (Mr. C. Buller) to settle and collect revenue from these Pergunnahs under Regulation XII of 1805, and keep separate Touzee Accounts thereof. His Excellency the Governor-General-in-Council appointed Mr. J. H. Ernest, Acting Magistrate, Zilah Midnapore, in November 1803, as a Commissioner for the affairs of Cuttack jointly with Lt. Colonel Harcourt and Mr. Melville. He recommended that Zemindars of these Pergunnahs should pay their revenue at Balasore and not at Cuttack. He suggested an assessment of Sicca Rupees 60,000 for the Pergunnahs of Puttaspore, Bhograee and Kamardachaur, and gave an account of Pergunnah Shah Bunder.

It appears that Mr. Master was later appointed as the Commissioner for the settlement of the Mahratta Pergunnahs. In June 1806 the English papers relating to these Pergunnahs were made over by him to the Agent, Hidgelee Division, (also Salt Agent and Collector) who from now took charge of the Pergunnahs, and who was instructed by the Accountant, Board of Revenue, (Mr. W. Egerton) to enter the Collections and charges of these Pergunnahs

in his Treasury Accounts under the head of "Conquered Provinces". Mr. Richardson, the third member of the Board of Revenue, was appointed in 1813 to superintend the settlement of the Division of Cuttack and of the Mahratta Pergunnahs. "By clause 3, section 2, Regulation 1 of 1813 it is directed that a new settlement shall be made of the Mahratta Pergunnahs in the district of Cuttack and Midnapore including the Pergunnah of Puttaspore and its dependencies which are annexed to the Collectorship on the expiration of the current year 1222 W. in conformity to the provision contained in Sect. 5, Regulation 10 of 1812." Mr. W. Blunt, Commissioner of Cuttack and Supernumerary Member of the Board of Revenue, instructed Mr. Thomas Wyatt, Deputy Collector of Hidgelee, in March, 1826 to transfer the charge of the Mahratta Pergunnah of Puttaspore and its dependencies together with the records in the office of the Collector of Hidgelee relating thereto to the Collector of Midnapore (Mr. E. R. Barwell), also the English correspondence relating to Mahals denominated "Khoorda Mahals" then held under Khas management as the proprietors declined to renew engagement with Government. Thus these Mahals remained under the Hidgelee Collectorship until the end of Falgoon, 1233 Umlee, and were transferred to the Collectorship of Midnapore in Cheyt following. Under orders of the Commissioner of Cuttack and Midnapore dated the 7th March, 1837 the Mahratta Mahals were transferred to Balasore and the Collector of Midnapore (Mr. A. V. Donnelly) sent all English and native records appertaining thereto to Balasore in that year.

Submits the following information about Zemindars and Cultivators (para. 1).

The population of Nagpur known under the name of Coles consists of the Mundas, Kureas and Oarsons. The Mundas originally cleared the country and brought it into cultivation. There was no Raja of the whole country, which was divided into *purhas* (batches) of 15 to 20 or 25 villages each under a Raja who received from his subjects assistance in war and salame at festivals. The Mundas elected ancestors of the present Palkote family to be Raja of whole country since when 62 Rajas sat on the *Gadi*. Though Raja's family claim to be Rajputs, there is no doubt that their ancestor was a Munda. They married into Rajput families of Pachete and Singhbhum and others and passed for good Rajputs (2). Remains of former system of Cole Raja still visible in pergunnas with *purhas* and nominal Rajas whose authority is recognised on festive occasions when *purha* members assemble to hunt, amuse and decide disputes. Each *purha* has a distinguishing ensign (3). In those days whoever cleared land became owner of the same, free of rent, rendering to the head of the village such services as common good required (4). To enable Palkot Rajas to keep peace and carry on war a certain rent from each village came gradually to be paid, but right of property in head Mundas was long recognised (5). On Palkot family becoming Hindus and marrying into Hindu families they induced other Hindus by grants of villages, to settle in Nagpur, thus establishing foreign proprietors (*Suds*) such as (1) younger brother of different Rajas, (2) Burraicks, Rajputs, Rowteeas etc. who held jaggeers on payment of fixed rent and rendering military service and (3) Brahmins and other castes on fixed rent or rent-free for religious purposes. These foreigners being more civilised obtained mastery over the Coles (6 and 10). Hitherto no rules of India ever interfered with the internal management of Nagpur or with the police or administration of Justice which was left entirely to the Raja (8). No regular Police or administration of justice till the S. W. F. Agency was established in 1834 (9). Land except for religious uses held in direct male descent, on failure of which it escheated

to the Raja. Money rent, service and abwab paid (11). Description of land tenure—(a) Rajhus, (b) Bhetkheta, (c) Jageers of Mahto, Phan and Bhandari, (d) Munjhis, (e) Bhoonjeri, Byebulla etc., (f) Bhootkheta (13). Thikadar has no right to take more than customary rent from cultivator (14). Rate of labour service to be rendered to Theekadar (15). Regulation necessary for fixing fair Begari labour, its abolition would unsettle transactions (16). Bhoonjeri tenure (17—19). Management of business between Coles and their land owners (21). Functions of Mahto (22-23). A Cole village community consists of the Munda, Mahto, Pohn, Bhondari, Gorait, Gowallah and Blacksmith (no Hajams or Dhobees) and their functions (27—33). Three annual Poojas—Surhool, Kudleta, and Khura; also Dhura performed every third year (35). Kists (36). *Tulbana* and its abuses (37—39). Abwabs (41, 42). Wages of ploughmen (44). Land measure of Bhuries, Kharies, and powas quite arbitrary (46).
